2025 Session Fee – pre-pay

- This year, I am charging a session/shooting fee for each Dancer
- There is a sliding scale depending on how many Classes/Outfits your dancer performs in.
- The session fee will cover the delivery of full resolution digital copies for the Group photo and Two individual photos of your dancer.
- With the pre-purchase of the session fee, I will send you a promocode that will credit your session fee back to you on the selection and purchase of the digital photos for each session.
